Rebecca,

The new RPM is Stephen Pereira. I will continue working on the site but he is now the RPM. We are working with the city of Dallas on the public meeting. It should be in 2-3 weeks but we do not have a time and place set up yet. We should have a site visit in the afternoon before the meeting. We will keep you informed when we have more information.

Subject: RE: Lane Plating Works - October dates for Public Meeting and new RPM?
Importance: High

Hi Kenneth,

Please provide an update on 1) Public meeting date(s) for Lane Plating and 2) the new RPM assignment for Lane Plating. If the public meeting is still scheduled for the last two weeks of this month, I need to know ASAP in order to make travel arrangements and get approval for attendance.

Thanks,

Rebecca

It should be the last two weeks of October. We are finally hiring some new RPMs and this site will probably go to one of them. That is the reason for delaying the public meeting. We want to wait till the new person comes onboard in early October and then give them a few weeks to catch up. I'll let you know when we have more information.

Subject: Lane Plating Works - October dates for Public Meeting

Hi Kenneth,

I was wondering if you knew anything about the timeframe for the rescheduled public meeting in October (early vs. late October, ect.)? I will potentially be involved in two other trips during October for other sites, and need to start reserving dates for everything. Please let me know any information you might have on this.

Thanks,
